

NEWSFLASH - MAY 2015**Unabridged birth certificate -**

When traveling with a child, he or she has to produce an unabridged birth certificate from 01 JUNE 2015, in respect of that child at any SA port of entry. This applies to:

1. SA traveler's traveling internationally and returning to the Republic from another country.
2. Foreign nationals traveling to and from the Republic who require a visa to visit SA.
3. Foreign nationals traveling to and from the Republic who do not require a visa to visit SA.

Please note that most Embassies require an unabridged birth certificate for children when applying for a visa on a South African passport.

British Airways prepares to roll

out seven new routes - May looks set to be the busiest month yet this year for British Airways, as it launches another six new short-haul routes and one new long-haul route from London. The star attraction is the new daily service from Heathrow to Kuala Lumpur, which will appear on the departure board for the first time on May 27th, operated by a Boeing 777 aircraft.

Gold Reef City gets R630**Million make over -**

Gold Reef City is undergoing a refurbishment, which also includes its meetings and conference facilities.

New security procedures at Jomo Kenyatta International Airport -

Kenya airport authority has introduced new procedures to step up security at Nairobi's Jomo Kenyatta International Airport. Effective 17 April 2015, all incoming traffic to JKIA will be screened at the newly constructed primary security screening yard. The facility is expected to centralize airport access screening for vehicles, passengers and pedestrians visiting the airport, thus enhancing security surveillance.

New app makes visa applications simpler, faster -

UK company eGoVisa has introduced VisaPort - a new, free smartphone app that aims to reduce the stress of making visa applications. Android and iOS (iOS6.0 and above) are currently available with a Windows version coming on stream by the end of May, and the Android version is available on Google Play.

UK airport installs new security scanner -

Glasgow Prestwick Airport is to install a new X-ray machines and a hi-tech security scanner within the next few months. The device known as a "body scanner", will replace the existing walk-through security metal detector at the city's second airport. It uses "millimeter wave technology" to scan passengers in order to detect prohibited items, making it faster to pass through security. The scanner is currently used by more than 250 airports worldwide.
